Dear Parent/Guardian:

On December 10, 2015, the Every Student Succeeds Act (ESSA) was signed into law; this requires schools receiving Title I federal funding to ensure that all teachers teaching in a Title I funded program must have appropriate government certification and licensing requirements, including any certification requirements obtained through alternative methods of certification.

The law also requires schools to notify parents if their child is being taught for four consecutive weeks or more by a teacher in a Title I school or program who does not yet meet the definition of "appropriate state certificate."

This letter to inform you that your child's teacher, _____

Your child's teacher is dedicated to achieving the success of every child in the classroom. While report cards are an important measure of student success, they are not the only opportunity you have to access your child's achievements and growth. As the year progresses, feel free to contact us and ask for additional information regarding your child's progress.

Thank you for your continued support for your child's education and encourage you to reach out to their teacher on a regular basis so that together we can provide your child with the best possible education.

Sincerely

Mr. Mike Pisano, Principal

Wilson Middle School
